**Mobile Entertainers • Photographers / Videographers  
Venue / Rental Company Representatives • Individuals**

**Open Air Entertainment** is proud to present the **Open Air Photobooth™** which has been developed to service a need for an ultra-compact, versatile, industry-recognizable photobooth. Whether you are a mobile entertainer, photographer, venue/rental company representative, or simply an individual desiring to have your very own custom digital photobooth, the **Open Air Photobooth™** has arrived!

The options for seating and backdrops used with the **Open Air Photobooth™** are limitless. The openness of the complete setup lends itself to greater customer interaction. Groups will form and excitement will build as crowds watch the action take place right before their eyes.

The most common setup of the **Open Air Photobooth™** incorporates a bench and curtain backdrop. Ultimately, the versatility in setup is only limited by the imagination of the owner/user. Individuals up to groups of 10-20 have crowded in front of the **Open Air Photobooth™** to have their images captured.

## FEATURES

- **Industry-recognizable ATA/Flight style case construction** (available in a myriad of colors)
- **Ultra-Compact: the Open Air Photobooth is the smallest, lightest photobooth available.**
- **10 Minute Setup** (all components, including printer, store securely inside)
- **Superior output: dye-sublimation printer presents user with a professional photograph in as little as about 15 seconds**
- **Unlimited output formats; horizontal/vertical/photo strip orientation** (print sizes 3.5x5, 4x6, 5x7, and 4x8) on commercially available media
- **Customizable text/graphics/color backgrounds can be incorporated onto print**
- **Wi-Fi Connectivity: 802.11 b/g/n – photos can be uploaded wirelessly**
- **Eco-Friendly Design: low power consumption computer made with 'green' materials and re-circulated LCD monitor** (warranty applies)
